

## Developing Subject Specialists at Westacre Middle School—DT

**The traits of a product designer or chef when they leave Westacre Middle School are as follows:**

- **Demonstrate independent learning strategies through the 6Rs**
- **An excellent knowledge of wide ranging materials, processes, tools and equipment**
- **Competent, accurate and effective use of a range of tools, resources and media**
- **A strong and developed awareness of the different DT environments and their personnel and peer safety in these spaces.**
- **A practised ability to think and reflect and discuss and evaluate**
- **To hold a passion and pride for and a commitment to DT subjects, having developed a real sense of curiosity to explore their design potential.**
- **To engage with all elements of DT lessons and curriculum content to highlight their originality, unique creativity and imagination that will be shown through their design, prototypes, construction and iterative approach.**
